

Washington, DC--Early Saturday morning, Congressman Olver released the following statement on the budget compromise:

"Late last night I was pleased to learn that President Obama, Majority Leader Reid and Speaker Boehner had reached a budget deal. I voted in favor of a five day continuing resolution which will allow us to review the compromise without shutting down the government. I am relieved that a shutdown was avoided, and I look forward to studying the language of this compromise legislation over the following week."
